Have you noticed that every newspaper picture you see of Fannie Hurst is different? Judging from these portraits, the heroine of the latest trial marriage could be anywhere from 25 to 40 years

of age. Incidentally, Miss Fannie may know a good deal about writing books but she evidently hasn't a very true conception of real home life.

WILSON'S CHOICE

Secretary Colby is said to be President Wilson's choice for the Democratic presidential nomination and that the secretary would like to make the campaign on a league of nations program.

When one speaker at the Republican convention in Springfield yesterday called attention to the fact that both Illinois senators voted against the league of nations plan, every delegate cheered. There was no factional division on this question. That same feeling is dominant throughout the country and it will be a happy day for the Republican party if a Democrat is nominated who proposes to make his campaign on this issue.

MUST SHARE RESPONSIBILITY

Sugar dealers charge that the people themselves are in a measure responsible for the present high prices, and the charge is not without foundation. Many and many is the householder who now has 100 pound sack of sugar in his pantry where normally the supply purchased has been 20 to 25 pounds. This great rush for sugar

has come about because of the fear of higher prices and the wish on the part of many consumers to be sure of having a plentiful supply when the season for "putting up" fruit is at hand.

When everybody is buying sugar and in larger quantities than normally, a false condition results and higher prices are inevitable. This doesn't mean that the consumers have caused the whole situation, but they must take some share of the responsibility.

HOLDING BACK SUPPLIES

Congress is going to find out, if it can, why Secretary of War Baker is holding back a million dollars worth of supplies bought for the war. In anticipation of the war continuing, and the need of a greater army, immense stores were bought that are not being marketed, but are on hand and depreciating in value every day they are held.

Great quantities of supplies have been sold at a loss, but far greater stores are held on hand that can be sold at a profit. The effort will be to move these supplies which would be an advantage to the country as a whole. Fremont (Neb.) Tribune.

IN MEXICO

The uprising in Mexico and the various developments in relation

to it are happenings of just the kind that the unbiased with any knowledge of the situation there have expected. Carranza is evidently not strong enough for permanent leadership. In fact, he would have been done for long ago except for the recognition given him by Pres. Wilson.

It is now generally conceded that the policy of that recognition and the friendly support of the U. S. is supporting an openly as he dared enemies of the U. S. during the war time.

Mexico must be ruled with a strong hand until such a time as education does away with ignorance and superstition. That will take a period of years for it must be a development.

THE OUTLOOK AND

THE LOWDEN CANDIDACY

The last issue of the Outlook presents a very interesting feature article about Gov. Lowden as a presidential possibility. This is one of a series of articles on different leaders, any one of whom may be nominated at the big convention in Chicago next month.

The writer is not fulsome in his praise of the Illinois executive, but does credit him with sound business sense, a broad Americanism and a knowledge of national and international affairs. The progressive views that the Lowden record shows are mentioned, and his friendship with the late President Roosevelt. Altogether the reader gets the idea that the Outlook narrator believes Gov. Lowden's nomination would be looked upon with general favor by progressives and conservatives, and that a safe and sane administration of national affairs would come under his presidency.

THE DOWN STATE

DELEGATES WIN

In the show down at the Republican convention in Springfield yesterday Gov. Lowden won over Mayor Thompson. The Chicago executive had boasted that the convention must adopt his platform and had in fact attempted to say that he would rule the state just as he is ruling the city of Chicago.

In postponing the adoption of the platform until a date later than the national convention, precedent was followed and the Chicago mayor was given to understand that he cannot dominate the whole of Chicago. Mayor Thompson was elected a delegate at large and he is entitled to that honor. In fact, he has the right to a good deal of recognition from the party, for he certainly does things in Chicago politics, and a whole lot of citizens there think that he is a far better public official than some of the Chicago papers would have their readers believe.

SETTING TRAP FOR

UNITED STATES

An inter-allied financial conference has been called by the League of Nations to meet in Brussels at the end of May. Some of the countries are in favor of agitating again the proposal to pool the war debts of the allies, and perhaps to give the league power to negotiate an international bond issue. And therein lies a danger to the United States, warning of which has already been sounded by Senator Lodge.

It is the well-known ambition of France and certain other nations that America shall be included in any debt pool that may be formed, for the purpose of drawing upon American wealth in the settlement of European bills. The cancellation of a part of all of the ten billions of foreign indebtedness to this country would probably be involved in the scheme. Luckily the United States has not subscribed to the obligations of the league covenant, and hence is free to repudiate any arrangement entered into by the member nations, but it is probable that if we had endorsed it we could not escape the consequences of a majority of the council or assembly.

Rippling Rhymes

By Walt Mason

Bad Luck.

It is seldom ills are single; in a regiment they rise, and our scalding teardrops mingle with the tears of other guys. When a blaze calls out the firemen, there'll be seven in a row, while the bards and kindred lyreman chant the litany of woe. Now a tire sustains a puncture, in a long cross-country run, and the driver, at this juncture, knows his grief is but begun. Not a passing he'll travel, but a tire in running flat; tacks and nails and chunks of gravel all contributing to that. To the morals undermining are such grievous things as these, and his language, hot and shining, wilts the leaves on nearby trees. Things go wrong at early morning, wrong when from your couch you start, and you take it as a warning that the day will break your back. For one evil come evorting, not, alas, as single spies; but in legions they come snorting, as we sadly swat the flies. But they'll soon have run their courses, and the luck will change awhile; from our woe we'll have divorces, and we'll spring the old time smile.

Loyal Woman's Class Met With Mrs. LeRoy Craig.

The Loyal Woman's class of Central Christian church met with Mrs. LeRoy Craig of North Church street Monday evening. About forty members were present and the occasion proved one of great pleasure for all. Assisting Mrs. Craig in entertaining were: Mrs. L. Patterson, Mrs. Charles Howard, Mrs. W. L. Brown, Mrs. Frank Correa, Mrs. Edward Craig and Miss Grace Filson.

The evening was spent with games and other amusements and the following program was carried out. Mrs. Charles Moore gave two songs. Mrs. Ben Roodhouse gave two readings and Master Byron Craig accompanied by Mrs. Arthur Shaw gave a violin solo. In the contest the prize was won by Mrs. Fred Woodward.

Following the program refreshments were served in dainty May baskets and proved a feature of the evening. The June meeting will be held at the Old People's home.

MORGAN ST. PROPERTY REPORTED SOLD

Reeve & Curtiss About to Acquire Building Owned by Hopper & Hoffmann.

Reeve & Curtiss are said to have purchased the Ward Book Bindery building on West Morgan street from the owners, Messrs. Hopper & Hoffmann. However, it was stated last night that no contract for purchase had been made. It is possible that the contract will be made today and provide for comparatively early possession.

The building will provide ample display and storage space for automobiles and tractors which the firm handles. The business Messrs. Reeve & Curtiss are doing demanded larger quarters than they now have. It is understood that if the sale goes thru Messrs. Hopper & Hoffmann will occupy the A. F. Franks building at the corner of West and North streets which they purchased about two months since.

UNIQUE POSTERS
Two rather unusual posters are in the window of Brown's Music store and the Hoffman Floral shop. They were made by Prof. Escher of Illinois college from wall paper although as a person stands on the walk and looks at the Japanese pictures American wall paper is one of the last things which would be associated with them.

The posters are advertising the "Mikado" which will be given at the opera house Thursday evening.

With the Kobzy Safety Signal

Housed on Your Rear Left Fender in Plain View of the Driver Behind, You Notify the Car Behind Just What You Intend to Do

Rear end collisions are practically unavoidable unless a definite means is used to signal traffic behind. Arm signals fail in critical moments and are impossible in closed cars. When at the wheel you are always wondering what the car ahead will do. The driver behind is wondering about YOU. Leave no doubt in his mind. Let him know definitely, positively, without chance of misunderstanding.

The Kobzy Signal Operates on the Semaphore Principle—Visible from Front and Rear—Day and Night.

(Continued From Page One.)

vention adjourned to meet again on September 21. Directly following the call of the convention to order, after a short noon recess, the credentials committee reported that there were no contests and that all delegates seated on the floor were recognized.

Following the report of the credentials committee, the temporary organization was made permanent. The following delegates were members of the resolutions committee from the various districts: First, Edward H. Wright; second, C. E. Ward; third, Anton Zeman; fourth, L. E. King; fifth, A. W. Miller; sixth, John Dill Robertson; seventh, M. A. Michaelson; eighth, Dan Coffey; ninth, Percy B. Coffey; tenth, Edgar A. Jones; eleventh, A. A. Kuhn; twelfth, William Boys; thirteenth, J. R. Conley; fourteenth, O. F. Berry; fifteenth, O. N. Custer; sixteenth, W. W. Wright; seventeenth, E. B. Hawkes; eighteenth, Len Small; nineteenth, Judge J. H. Marshall; twentieth, S. E. Pierson; twenty-first, Lawrence Y. Sherman; twenty-second, G. E. Little; twenty-third, Frank Nollman; twenty-fourth, W. A. Spence; twenty-fifth, H. H. Kohn.

he committee to recommend delegates and alternates-at-large to the national convention consisted of: First district, George F. Harding; second, P. H. Monahan; third, William H. Ried; fourth, F. J. Finnesmann; fifth, George A. Curran; sixth, J. R. C. Rohm; seventh, James McComb; eighth, F. E. Ereksson; ninth, Charles E. Pearce; tenth, Charles R. Francis; eleventh, William F. Lynch; twelfth, P. C. Whitman; thirteenth, E. H. Brewster; fourteenth, C. E. Dietz; fifteenth, Frank F. Baker; sixteenth, George De F. Kinney; seventeenth, Homer W. Hall; eighteenth, Rufus Kendall; nineteenth, H. L. Green; twentieth, Charles E. Martin; twenty-first, James A. McClure; twenty-second, William E. Trautman; twenty-third, Frank Rice; twenty-fourth, Mrs. J. K. Ball; twenty-fifth, James A. White.

While the convention was awaiting the report of the resolutions committee, Senator Sherman addressed the body and told his hearers that within a week the senate would pass the peace resolution and that it would then be up to the president to say whether we would continue at war with Germany while all others are at peace.

"If the senate of the United States was ever justified, it stands justified now before the American people," added Senator Sherman. When Senator Sherman announced that both Illinois senators voted against the League of Nations, all the delegates, including those from Cook county, rose and cheered.

Senator Berry, of Chicago, chairman of the resolutions committee, submitted the majority report of that committee as soon as Senator Sherman finished.

The first resolution recommended Governor Lowden be supported by the Illinois delegation at the Chicago convention until he is nominated or until the delegation is released by the governor. This was carried unanimously. The majority of the committee, 14 in number, then recommended that no platform be adopted at this time, but that the adoption or one be deferred until a meeting on September 21, at Springfield.

The minority report, submitted by M. A. Michaelson, of Chicago, which was signed by 11 members of the committee, recommended that the plank of principles advocated by Mayor Thompson be adopted and moved that the minority report be submitted for the majority report. Mr. Michaelson then read the Thompson plank to the convention, and his reading was punctuated frequently by handclapping from the Chicago delegation. Chairman Rodenberg then announced that one hour and one half would be allotted to each side for the discussion of the minority report, and W. H. Mason, E. H. Wright, John Dill Robertson, W. H. Thompson, W. F. Mulvihill, Judge Robert E. Crowe, Sempel A. Ettelson, John Dailey and Cornelius J. Doyle were announced as the speakers for the ensuing three hours.

RETURNS FROM BUSINESS**TRIP TO KANSAS**

S. T. Erickson has returned to Jacksonville, after a business trip to Kansas. He spent some time at Spearville and said yesterday that it was surprising to find what a large percentage of the wheat crop there is still in the hands of farmers and elevator men. He said that inability to secure sufficient cars had greatly interfered with shipments.

Mr. Erickson was interested in finding that there is a definite organization among the Kansas farmers for the coming harvest time, and while they are ready to pay good wages, they are not going to be held up by I. W. W. workers. Thru co-operative effort they are expecting to have the harvesting done on a reasonable basis.

GASOLINE CAUSED**CHILD'S DEATH**

Sunday Coroner Charles A. Rose held an inquest at Mercedia over the remains of Mildred Shinnabarger, the four-year-old child who died from burns late Saturday night. The mother, Mrs. Ethel Hodges, a neighbor, and Dr. F. A. Neville, physician, were the witnesses. It seems that the father had given an older child a small amount of gasoline in a fruit jar lid.

The children were at play and the smaller child in some way touched a match to the gasoline and her clothing immediately caught fire. Mrs. Shinnabarger, in her effort to put out the flames, was seriously burned herself.

The jurors were Louis Berger, H. A. Keister, Clarence Brown, J. A. Shannon, S. F. Kuhlman and G. A. Bennett.

**NEARLY EVERY STATE
IN MEXICO IN HANDS
OF REVOLUTIONISTS**

(Continued From Page One.)

quently marked struggles for supremacy in the Latin-American countries. Carranza, variously reported captured, in flight or in hiding; Candido Aguilar, his son-in-law and Minister of Foreign Affairs, executed with General Francisco Murguira, commander of the garrison in Mexico City, after a wholesale slaughter of political prisoners including fifteen generals; forces of the revolution in control of the capital and most of the metropolitan cities of the country, while American war ships and marines continued to move into strategic positions were the foremost features of today's news.

Communication between the United States and the Mexico capital continued intermittently and uncertainly. Reports of the cutting of telegraph lines which carry cable dispatches overland from Vera Cruz to Mexico City, are supported by border reports that the line of Carranza's escape is held by the revolutionists. From all reports, Tampico, Veracruz, Monterey and Puebla, as well as Mexico City, now are in the hands of the rebels. Search of the city of Vera Cruz has failed to find Carranza. One report had him under arrest in Esperanza.

The last message from the American embassy in Mexico City said quiet prevailed Saturday morning after the departure of Carranza with "no unusual disorder."

"The only untoward incident reported," the state department's announcement said was "the capture of one of President Carranza's trains on May 7 at Guadalupe, about 275 miles north of Mexico City, an incident in which there were several casualties."

General Obregon, Carranza's former right-hand military man and now his opponent, has ordered that the president, if captured, be treated with consideration and taken to Mexico City.

Reports published in Mexico City newspapers and received here today flatly announced Carranza's capture, together with Ambassador Bonillas, Carranza representative in Washington until a few weeks.

Mexico while the American government while pursuing a policy of watchful waiting took some measures to afford protection for the 6,000 or 7,000 Americans now in Mexico. Americans who may readily avail themselves of aid are principally oil men and planters along the gulf coast.

For their assistance the navy department has ordered the submarine dreadnought Oklahoma from New York to Key West for possible duty in Mexican waters. She will take a full company of marines before steaming south.

General Angel Flores took possession of Mazatlan on the Mexican west coast early this morning, a dispatch to the state department from Nogales said.

General Flores is in command of the revolutionists operating south from Sonora with the force that captured Culiacan, the capital of the state of Sinaloa, about twenty days ago.

General Sandiego, in command of several hundred troops enroute from Mexico City to Mazatlan, has also surrendered and will join the revolutionary movement, according to the announcement.

FIRE ALARM SUNDAY

The fire department was called to the residence of Ben Kece which is located in the rear of 1100 West Morton avenue at 12:25 o'clock Sunday afternoon. Fire had started in the roof by sparks from a chimney. Neighbors had the blaze under control when the department arrived and it was extinguished without much damage. The loss is fully covered by insurance.

CIRCUIT COURT TERM
OPENED MONDAY

Judge Burton Here to Preside—
Many Orders Entered on First
Day—Grand Jury Is Organized.

The May term of the Morgan county circuit court opened Monday with Judge F. W. Burton presiding. A number of motions were heard during the day and in the afternoon the court listened to the evidence in the case of J. C. Richards vs. John Berndt, appeal from J. P., which was tried with a jury by agreement. This trial was occasioned by a difference over the charge made for staking a field of cornstalks. There will be no jury trials until Wednesday. The docket for the term is quite heavy and Judge Burton probably will be here for a number of weeks. The docket tries yesterday were as follows: Thomas B. Orear vs. City of Jacksonville, trespass on the case. Death of plaintiff suggested.

Vernon Baker vs. National Vestock Remedy Co., trespass on the case. Cause dismissed by default at his costs.

H. E. Anthony, for use of Jacobson Son, vs. Illinois Tractor System, garnishment. Motion by defendant to quash summons and return thereon.

Alvia A. Kemp vs. Charles W. Kel, case. Cause dismissed for lack of declaration at cost of plaintiff.

J. C. Richards vs. John Berndt, appeal from J. P. By agreement parties jury waived and trial in progress.

Alice Erixon and Lena Erixon, executrices vs. S. T. Erixon, assumpsit. Cause dismissed at cost of plaintiff.

PLUMBERS WANT INSPECTOR APPOINTED

Ask Council to Appoint Inspector for All Plumbing Work—Scavengers Want Ordinance Amended—East State Street Again Causes Discussion.

At the regular meeting of the city council Monday evening a communication was presented from the local plumber's union asking the council to appoint a plumbing inspector in conformity with the ordinance now in force.

The communication called attention to the fact that it was proposed to appoint a wiring inspector to protect citizens' property and that the public health was far more essential than the protection of property. The communication requested the appointment of a journeyman plumber for the position.

Local scavengers also appeared before the council and asked that the ordinance regulating scavenger work be amended to allow them to work during the summer months. The present ordinance prohibits the cleaning of vaults between May 1 and September 30. The scavengers pointed out that most of their work was done during these months.

The problem of protecting the paving being laid in the street car tracks in East State street also came up for discussion. E. H. Gray general manager of the Railway and Light company had notified the mayor that the work must be protected from damage.

The proceedings. When the clerk called the roll all members present except Ald. Cain. Mayor Crabtree presiding. Ald. Cain came in early in the proceedings and took his place in the council.

The minutes of the last regular meeting were read and approved.

Want Plumbing Inspector. A communication from the Plumbers Union was read asking the council to appoint a journeyman plumber as inspector of all plumbing put in in the city.

The communication set forth that a wiring inspector was to be appointed to inspect wiring for the protection of property. It was suggested that the public health was far more essential than protection from fire. The communication stated that much plumbing was done by persons not qualified for the work and was

dangerous. The communication was referred to the Public Health committee to investigate and report.

Ald. Cain came in at this point and took his place in the council. A resolution was presented instructing the city treasurer to transfer \$500 from municipal bond interest fund to the general fund. This was for the purpose of paying the first estimate of John T. Walbridge in the erection of the power plant and pumping station. The resolution was adopted by a unanimous vote.

Ald. Williamson reported that he had inspected the East State street subway.

Mayor Crabtree said that residents wanted grading at the intersection of Brooklyn avenue and East Chambers street.

Ald. Ehrie reported that while in Galesburg he called on the manager of the Galesburg brick company relative to brick for the city. The manager said that brick such as wanted by the city were hard to get.

The manager had told him that owing to the scarcity of cars that they could not hold a car long enough to load it with what is known as seconds. He suggested that the engineer write to Grant Osborne of Chicago and that he probably could put him in touch with some one who could furnish the brick.

Scavengers Register Kick. Mayor Crabtree called attention to the ordinance prohibiting scavengers from doing their work between May 1 and September 30. Mayor Crabtree said he had talked with the city physician and he thought they should be allowed to work.

Arthur Holt and Sylvester Arbuckle, two scavengers were present and addressed the council. They said that the proper time to clean vaults was during the summer months and asked that the ordinance be amended to allow them to do work they had already contracted for.

The matter was finally referred to the Public Health committee to investigate and make recommendations for the amendment of the ordinance. Special permission was given the scavengers to work in the interim, they not to begin their work before 11 a. m.

The first estimate of John T. Walbridge in the sum of \$3,699 for the building of the filtration plant and the first estimate for the building of the power plant and pumping station in the sum of \$466.35 were presented and warrants ordered drawn for the same.

Stealing Flowers in Cemeteries. Ald. Moore reported that the sextons of the cemeteries were having considerable trouble with persons stealing flowers. He said the practice was especially prevalent at Diamond Grove cemetery.

The alderman thought some drastic action should be taken and the offenders apprehended and given a heavy fine. The matter was referred to the cemetery committee with power to act.

Mayor Crabtree said that W. L. Alexander had asked him to appoint a member of the council from each ward to represent the city in the matter of getting the adoption of uniform voting districts by the city and county.

Ald. Cain seconded by Ald. Ehrie moved the mayor appoint the committee as suggested. The motion carried and the mayor appointed Ald. McGinnis from the First ward, Ald. Williamson from the Second ward, Ald. Moore from the Third ward and Acting City Clerk George W. Davis from the Fourth ward.

Want Pavement Protected. Mayor Crabtree said that E. H. Gray, general manager of the Jacksonville Railway and Light company had notified him that the city must protect the paving in the company's street car tracks in East State street after it was laid.

The mayor said that already people were driving on the pavement. He said he had consulted City Attorney Bellatti and he had told him that the city was responsible for the protection of the work. The mayor said Mr. Bellatti has suggested the street be closed. He said the more he thought of the matter the more he believed this should be done.

Superintendent of Streets White said that it would be impossible to do this. He said that it was necessary for funerals to get to the Church of Our Savior. He also said that the Woman's College must have the use of the street as well as the property owners. No action was taken in the matter.

The council then on motion adjourned.

MOTHER'S DAY IS FITTINGLY OBSERVED

Beautiful Services Held at Hebron Church—Union Baptist Church—Also Observes Day.

One of the most beautiful services that has ever been held in Hebron church was the Mother's Day celebration last Sunday. The service was in honor of Mothers, and this was followed by a dinner in the basement of the church which was a sort of a combination Mothers and daughters and Fathers and sons banquet.

Rev. Raye Ragan, pastor of the church, preached on the subject, "Mother's Love."

One hundred and five sat down to the bountiful dinner which was served by the ladies of the church. E. E. Hart, superintendent of the Sunday school acted as toastmaster, and the following program was carried out:

The Relationship of Father and Son—Coy Swain.

Mother's Duty to Her Children—Mrs. R. W. Robertson.

Mother's Influence Over Her Children—Mrs. Richardson.

Mothers in General—Mrs. Hairgrove.

A Model Mother—Miss Fay Hart.

An Ideal Mother—Albert Swain.

The Forgotten Man—Raye Ragan.

After the toasts the company lingered for awhile. The committee which had charge of the dinner were Amos Swain, R. W. Roberts, John Moore, John Gaither, Mesdames Charles Bealmer, Clyde Martin, Frank Hunter, and Christian.

At Union Baptist Church

Mother's Day was fittingly celebrated Sunday at the Union Baptist church in Pisgah. Mother's Day is the annual home coming for the church and many people made a special effort to get out.

The church was beautifully decorated with flowers. Mrs. Shutt and Mrs. Barrows, of Waverly, were present for the third consecutive Mother's Day. They sang a duet.

Mrs. Mary Ausmus accompanied them on the piano. Homer Woods sang "Little Mother of Mine." Following this the pastor, Rev. F. M. Crabtree, preached from the text, "Honor Thy Mother."

Dinner was served in the church basement by the ladies of the church. The committee in charge of the dinner was Mrs. A. A. Curry, Mrs. Charles Wood, and Mrs. Ella Samples. Mrs. Homer Wood was in charge of the tables.

In the afternoon service Mrs. Shutt and Mrs. Barrows sang a duet, and also together with Homer Wood they sang a trio. The main part of the meeting was in the form of an old fashioned experience meeting. This was followed by the baptismal service at which Myron Craven was baptised.

Run Down?

Kidney and bladder troubles are not limited to men. Housework, or work in office or factory, causes women to suffer from weak, overworked or diseased kidneys. The symptoms are—suffiness under the eyes, sallow skin, constant tired feeling, lack of ambition, nervous condition, backache, rheumatic pains, sore muscles, stiff joints.

Foley Kidney Pills

Get right at the cause of suffering and misery, regulate the kidneys and bladder and restore the diseased organs to sound and healthy condition.

Mrs. Wm. Fischer, 2009 Woodbourne Ave., Louisville, Ky., writes: "I am just getting along fine. I am taking Foley Kidney Pills every other night. You should have seen me before I started. I was yellow as gold, now my eyes and skin are all cleared up. My kidneys do not bother me at night any more. If it will help some other poor soul who is suffering you may use my name wherever your medicine is advertised."

MAXWELL

There is a double advantage in the use of these special steels in a Maxwell.

1.—They eliminate superfluous pounds, lighten the task of the engine, ease the burden on tires, make possible quicker acceleration.

2.—They add strength which insures endurance, dependability, uninterrupted performance, and infrequent repairs.

These special steels make possible the Maxwell construction of great strength combined with light weight.

The light weight decreases the burden on the engine and their strength provides endurance.

They have been important factors in the success of Maxwell the world over, in its ever-increasing friendships, in its great growth.

Nearly 400,000 Maxwells are now in use. You cannot motor even in a foreign land, without meeting them.

HOUSEHOLD SCIENCE CLUB OF CHAPIN MET

Mrs. Alfred Anderson Was Hostess to Club—Other News From Chapin and Vicinity.

Chapin, May 10.—Mrs. Alfred Anderson was hostess to the household science club on Wednesday afternoon, May 5, with 14 members present.

The meeting was opened by singing the club song, "Illinois." The roll call was then responded to by giving a Bible quotation. The minutes were read and approved. During the business session which followed the accounts for the open meeting were ordered settled. Then came the election of officers for the coming year. The present officers were re-elected, but upon the resignation of the vice president, Mrs. Alice Anderson was elected vice president. Mrs. Alice Burnham interested the club by telling something of her winter in California. A social hour followed, during which time the hostess served a two-course luncheon. The next meeting will be held May 26, with Mrs. Frank Burnham.

Miss Grace Fileen, of Jacksonville, visited with her mother Thursday.

Mr. and Mrs. Magill, of Jacksonville, gave an aluminum demonstration at the Christian church Thursday afternoon. There were 25 women present and all enjoyed the time spent, as well as deriving much information from the demonstration.

Wednesday was the 101st anniversary of the Odd Fellows, and they entertained their wives and the Rebekahs in the Christian church basement in the evening. Sandwiches and coffee were served and the orchestra furnished music during the evening.

Pearl Phillips, of Peoria, visited home folks Saturday and Sunday.

Miss Bertha Moore, of Granite City, visited relatives here last week.

Mrs. Maurice Barnes, of Havana, visited relatives Friday and Saturday.

Mrs. Sullens went to Beardstown Friday for a few days' stay.

Mr. and Mrs. Harold Woodward, of Chicago, came Sunday to visit relatives. Mr. Woodward returned Sunday night and Mrs. Woodward remained for a longer stay.

Mrs. Opal Blair visited relatives near Arenzville last week.

Mr. and Mrs. Herman Binman, of Beardstown, visited Sunday at the home of Robert Bridgman and family.

Miss Amy Onken and Mrs. Harry Onken delightedly entertained a company of ladies on Saturday afternoon, in honor of Miss Gertrude Onken, who is to wed Mr. Bernard Allen May 12. The guests were invited to the home of Miss Onken to a 1 o'clock luncheon. After finishing the second course, they were invited to the home of Mrs. Onken, where two more courses were served. Miss Gertrude Onken was then presented with a huge bride's cake, and upon lifting the lid found it to be filled with packages. This was the miscellaneous shower which greatly surprised the guest of honor. The guests were then invited to the home of Miss Onken, where the rest of the afternoon was spent with progressive ruck. The event was one of much pleasure.

Mr. and Mrs. Harrison Robertson and daughter, Helen Lucille, of Petersburg, motored to Chapin Friday to visit the home of Mr. Z. Fox and family. Mr. Robertson returned Sunday and Mrs. Robertson will spend the week here.

Miss Johanna Onken, of Beardstown, and Mr. Werner Onken, of Quincy, are home for a few days' visit.

A number of Chapin people attended the confirmation services at the Lutheran church Sunday.

Mr. and Mrs. Charles Leitz visited relatives in White Hall Saturday and Sunday.

The cantata which was to have been given at the M. P. church, Easter, was given Sunday night. Jeff Duckett and Henry Perbix left yesterday for Brunswick, Mo., for a few days, on business.

NOTICE TO OUR PATRONS
On account of the requests from so many patrons of the American Candy Shop Fountain to keep open later, we have arranged the following hours:

Saturdays 7 a. m. to 10 p. m.

Sundays 7 a. m. to 6:30 p. m.

The balance of the week 7 a. m. to 9:30 p. m.

Hoping this will prove satisfactory to all, we thank you.

WILL OF MRS. HOUSE

The will of Mrs. Catherine House was filed Monday in the office of County Clerk G. L. Riggs. The will was drawn Oct. 14, 1918; with Ellis Moore, Charles W. Tinsley and Edward Ramey as the witnesses.

The testatrix provided for the payment of debts and funeral expenses and provided that certain properties also owned by Maywood, Ind., and in Lincoln Place, Los Angeles, Cal., shall be sold and the proceeds divided between her sister, Mrs. Lillie Malone, and her grandson, William Huffaker House. The money is not to be paid to the latter until he is 23 years of age.

The will provided that if Mrs. Malone did not survive the testatrix that the money bequeathed to her should be given to her two daughters, Catherine and Frances.

Mr. and Mrs. Fred King and son traveled from Chandierville to the city yesterday.

Pruning and Spraying Demonstrations.

The pruning and spraying demonstrations at Perry Henderson's, Litchberry, and Henry Eckhoff's northwest of Chapin were attended by groups of interested people. At Mr. Henderson's enough petals had fallen to warrant the calyx spray, but at Mr. Eckhoff's the petals had not all opened and the spraying part of the demonstration was not given. Both of these gentlemen have had experience in cleaning up San Jose scale and are very much interested in fruit growing. At Mr. Eckhoff's the owners of all the commercial orchards in that locality were present. If only one spray can be given the calyx spray due at the present time is the one to apply. W. S. Brock, who gave demonstrations, went to Hillview tonight to direct three days spraying on the experimental plots in the McClay orchards.

DOCTOR ADVISED CHANGE OF CLIMATE

Run Down and Lungs Hurt—Stayed Home and Gained 22 Pounds.

November, 1911, I had a severe cold and la grippe, which left me with a bad cough. My lungs and shoulder blades hurt so I couldn't sleep and I finally had to give up my job and was ordered to change climate. In April, 1912, I began taking Milks Emulsion. On the second bottle I could see a change. My appetite was better and I commenced to gain strength and weight. Now (August 23, 1912) I have used 23 bottles, have increased 22 pounds in weight and believe I am permanently cured.—W. F. Bourland, Route 5, Wolf City, Texas.

Mr. Bourland was fortunate in commencing to use Milks Emulsion when he did. A run-down system invites disease. Milks Emulsion costs nothing to try.

Milks Emulsion is a pleasant, nutritive food and a corrective medicine. It restores healthy, natural bowel action, doing away with all need of pills and physies. It promotes appetite and quickly puts the digestive organs in shape to assimilate food. As a builder of flesh and strength, Milks Emulsion is strongly recommended to those whose sickness has weakened, and is a powerful aid in resisting and repairing the effects of wasting diseases. Chronic stomach trouble and constipation are promptly relieved—usually in one day.

This is the only solid emulsion made, and so palatable that it is eaten with a spoon like ice cream. Truly wonderful for weak, sickly children.

No matter how severe your case, you are urged to try Milks Emulsion under this guarantee—Take six bottles home with you, use it according to directions and if not satisfied with the results, your money will be promptly refunded. Price 60c. and \$1.20 per bottle. The Milks Emulsion Co., Terre Haute, Ind. Sold by druggists everywhere.

A BUSINESS TRIBUTE

By William I. Ferris, Vice-President and co-worker in the L. E. Waterman Company from its beginning

The world has always taken an unusual interest in inventors, probably because it recognizes that inventors, as a rule, are unselfish and that whatever reward they may gain through their invention has to be a by-product of a greater service or saving of time and labor to his millions of fellow men and women.

Howe invented the sewing machine, but the whole world enjoys the benefit of it. Likewise is the case with Morse and the telegraph; Bell and the telephone; Edison and the electric light; Fulton and the steamship.

There is no use trying to arrange them in the order of their importance in the world to-day because to de-

FRANK D. WATERMAN

prive us of any one of them, even for the briefest of periods, would amount to almost a calamity.

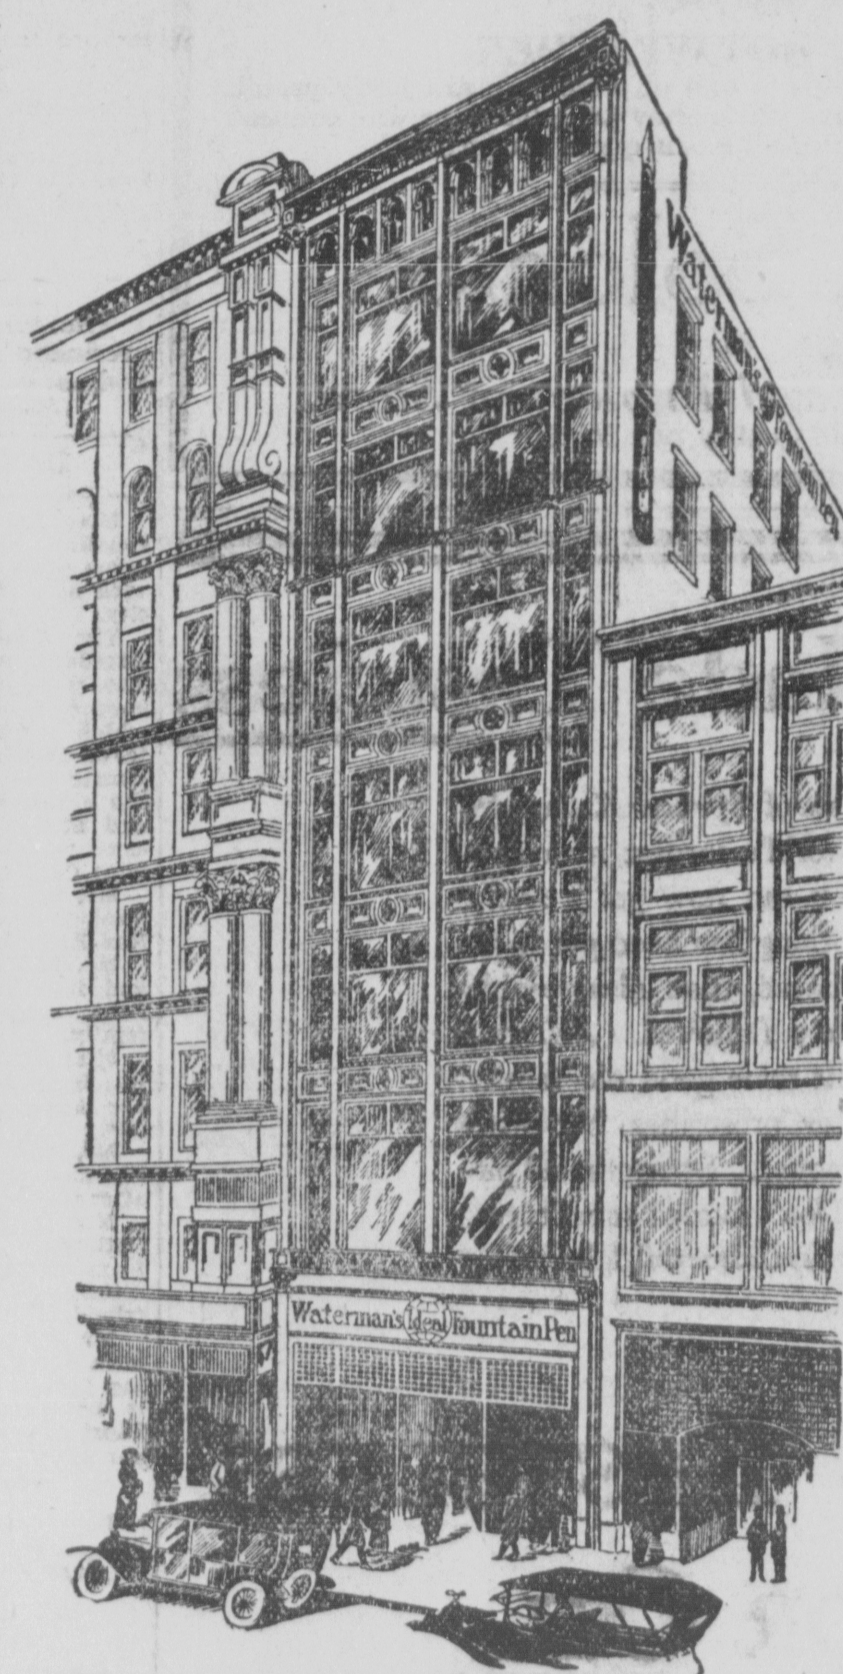

I do not hesitate to add the name of Lewis Edson Waterman and his invention, Waterman's Ideal Fountain Pen, to this list of world benefactors.

The history of Waterman's Ideal Fountain Pen has a peculiar personal interest for the people of Illinois because she can rightly claim Lewis Edson Waterman as one of her sons.

As a child, he came with his mother and younger brother and settled in Kankakee, and it was in the little old wagon shop, conducted by his brother, Elisha S. Waterman, that the first model of Waterman's Ideal Fountain Pen was turned out in wood.

Back in those old days, the gold pen and rubber-turning industries were located wholly in the East, requiring that the business of fountain-pen making be carried to the source of supply, and so in the smallest possible way the L. E. Waterman Company's business was established in New York. Mr. L. E. Waterman made his principal headquarters in New York up to the time of his death, while his brother, Elisha S. Waterman, assumed the interest of the Company in the West for the short time he lived. The Chicago office was opened at the same time the business was started in New York, and for many years was conducted in the most modest circumstances.

It has been said by some writer, "the name Waterman started as a

WATERMAN BUILDING, 129 SOUTH STATE STREET, CHICAGO, ILL.

growing number of dealers and users in the middle west, and on Monday morning, May 10th, what will be known as the Waterman Building, at 127-129 South State Street, was opened for business. To meet the demand, the Company found it necessary to erect their own building, and on the property directly adjoining the old Palmer House, a modern, up-to-the-minute seven-story building will become the new Chicago home of the L. E. Waterman Company, and add glory to the best traditions of this splendid old organization. The New York service store of the L. E. Waterman Company, at 191 Broadway, known as the Pen Corner

FRED S. WATERMAN

throughout the world, has often been said to be one of the most artistically correct and magnificent display rooms to be found anywhere, but the architects promise to out-do even that last effort, and Chicago will have every reason to include this newest addition to its already long list of show places. With the upper floors devoted to stock and assembling rooms, the Company will be better able to handle the great volume of middle-west business, and the new Waterman Building is but another evidence of the keen judgment that anticipates conditions and makes good the statement—satisfied customers everywhere.

Mr. Frank D. Waterman, President, and Mr. Fred S. Waterman, Secretary, of the L. E. Waterman Company, through combining their unusual abilities and mastery of detail, have given evidence of what team-work can accomplish, for after all is said, a man's business is but the reflection of the man himself. The fidelity of hundreds and hundreds of employees testifies more eloquently than anything else how the personality of the Waterman boys has fixed itself upon their organization.

It is what might be termed the Waterman way of doing things—establishing the highest standards for themselves and then living up to them. You know it is because of these qualities that success has come to them, and their product, because a record of steadily increasing sales, year after year, and in one country after the other, carries its own answer.

Daily Market Report

CORN TAKES

ANOTHER ADVANCE
Chicago, May 10.—Action of the Canadian wheat board in hoisting the price of Canadian wheat 35 cents to 40 cents a bushel has a decided bullish effect today on the corn.

Corn closed 3½ cents to 4½ cents higher, with July \$1.74 to \$1.75, and September \$1.62 to \$1.63. Oats gained 1½ cents to 2½ cents, and provisions 1 cent to 17 cents.

Although as a result of fine weather, corn markets showed at the outset a little weakness, the rapidity with which strong commission houses absorbed all the offerings led quickly to a pronounced upward turn in values.

On the bulge July and September deliveries climbed to a new high price level for the season. In addition to the big advance of Canadian wheat prices, there was further talk of an Argentine embargo on wheat, and of a possibility that Australia might have to import wheat before November.

Difficulty in obtaining corn here available for immediate use tended also to strengthen corn prices, and so likewise did the fact that the war was commanding topmost figures yet on the wheat crop.

Oats were governed by the same factors as corn. Provisions averaged higher with grain and hogs. Commission house buying of lard was a feature.

STOCK MARKET

STRONG AND ACTIVE
New York, May 10.—The stock market was moderately strong and active at the outset today, making additional gains before noon, but lapsed into a dull and heavy tone long before the close.

Early improvement was generally ascribed to the stronger bank position disclosed by last Saturday's statement of the clearing house association and local Federal Reserve Bank.

As the session progressed, it became evident that trading again lacked the elements of bullish leadership, save for operations of pools. With the first indication of pressure prices fell away as easily as they had risen.

Traders were not in accord regarding latest aspects of the Mexican situation, this conflict of opinion finding reflection in the heaviness of Mexican oils.

Oils dominated the day as a group, however, their activity being based on favorable trade conditions. An advance of one-half cent per gallon was announced by one of the largest refiners.

The April tonnage report of the U. S. Corporation, bringing the total of unfilled orders to the highest figures since August, 1917, failed to stimulate a demand for steel shares.

Call money was freely offered at 7 per cent, going to 8 on an unexpectedly large demand in the late hour, but closing at the lower quotation.

Bonds were irregular and featureless, aside from their easier trend, this applying also to Liberty bonds. Total sales (par value) aggregated \$10,150,000.

Skin Eruption Causes

Unbearable Itching

Scratching Increases the Irritation of the Delicate Skin Tissue

You can claw your nails into your skin until it bleeds, in an effort to obtain relief from the fiery itching and burning caused by skin diseases, but you only increase the irritation and pain.

And you can pour ointments, salves and lotions by the gallon on the irritated parts, without obtaining anything but temporary relief. Just as soon as the strength of the counter irritant give out, your pain and torture will return with increased violence, because these local remedies have not reached the source of the trouble.

The real source of all skin disease is the blood supply. The blood becomes infected with some

impurity, and the disease germs break out through the delicate tissues of the skin. They may appear as eczema, tetter, boils, pimples, scaly eruptions, caused by disease germs in the blood.

The real cure, therefore, must be directed through the blood. And no remedy has yet been discovered that equals S. S. S. for any disorder of the blood. This great old remedy rids the blood of every trace of disease germs, and clears up the complexion and gives it the ruddy glow of perfect health. Get a bottle at your drug store today and you will soon be rid of your tormenting skin trouble. Write at once for expert medical advice regarding your own case. Address, Medical Director, 263 Swift Laboratory, Atlanta, Ga.

AN INTERESTING DOCUMENT.

R. C. Reynolds has left at the Journal office a circular which has a deal of interest in it. It is a prospectus of the Jacksonville Northwestern & Southeastern railroad. The circular goes on to state the great advantages which would accrue from the proposed line. It says that around the headwaters of the Missouri and Mississippi rivers lie the great wheat fields which must largely supply the world with bread. They say it covers a territory larger than Illinois, Indiana, Ohio, Kentucky, Virginia and Pennsylvania combined and being too far north for corn must be devoted to small grains. They claim the natural outflow of this grain is down the Missouri and Mississippi rivers by way of St. Louis and thence north through the Kanawha and James rivers to Norfolk, Virginia and thence to the ocean.

A connecting link is imperative and it should go from Jacksonville to Franklin, Waverly, Litchfield, Sandoval and Shawnee town. They say Hon. Cyrus Epler and others had secured a charter from the legislature and now it was up to the public spirited people to get busy and finance the same. An enthusiastic meeting had been held in Franklin for that purpose.

The address of circular was signed by J. B. Turner, chairman, Peter Roberts and J. W. Meacham.

The history of the enterprise is well known. It is rather sad to relate that one locality, after voting bonds, found a flaw in them and innocent purchasers lost heavily.

Free tube with every casing at Brady Bros. Big Tire Sale that means a saving of 15 per cent and the best tire and tube made.

Miss Ross M. Lyman and Miss Lucille M. Moore of White Hall were visitors in the city Sunday.

HEAL SKIN DISEASES

Apply Zemo, Clean, Penetrating, Antiseptic Liquid

It is unnecessary for you to suffer with eczema, blotches, ringworms, rashes and similar skin troubles. Zemo, obtained at any drug store for 35c or \$1.00 for extra large bottle, and promptly applied will usually give instant relief from itching torture. It cleanses and soothes the skin and heals quickly and effectively most skin diseases.

PIMPLY? WELL, DON'T BE

People Notice It. Drive Them Off with Dr. Edwards' Olive Tablets

A pimply face will not embarrass you much longer if you get a package of Dr. Edwards' Olive Tablets. The skin should begin to clear after you have taken the tablets a few nights.

Cleanse the blood, bowels and liver with Dr. Edwards' Olive Tablets, the successful substitute for calomel; there's no sickness or pain after taking them. Dr. Edwards' Olive Tablets do that which calomel does, and just as effectively, but their action is gentle and safe instead of severe and irritating.

No one who takes Olive Tablets is ever cured with a "dark brown taste," a bad breath, a dull, listless, "no good" feeling, constipation, torpid liver, bad disposition or pimply face.

Olive Tablets are a purely vegetable compound mixed with olive oil; you will know them by their olive color.

Dr. Edwards spent years among patients afflicted with liver and bowel complaints, and Olive Tablets are the immensely effective result. Take one or two nightly for a week. See how much better you feel and look. 10c and 25c.

Good home
beverages

are
just as good as
the

Malt Extract
and Hops

you use
and
no better

WE are now learning all over again what our grandfathers knew by heart, namely, that if you're going to make good wholesome honest home beverages and healthful hop-tonics you've got to use true full-strength Malt Extract and the very best of fresh-pressed hops.

And for good bread, muffins, biscuits, cakes and malted-milk the best and purest grade of malt extract must be used—because if you get the best it saves and replaces the cost of sugar.

The truth of the matter is just this: the better the malt extract and the better the hops—the better your beverage will be; and the greater your sugar-saving in baking.

You can't afford to experiment with cheap "molasses malt extract" and old muddy "tobacco colored" hops, and then expect the result to turn out the way you want it.

We feel that people are entitled to know the facts and to be protected. And for that reason alone we want to say in just so many words that

Puritan Malt Extract

(Puritan Brand Fresh-Pressed Hops)

is exactly what its name implies: it is pure, clean, honest, dependable quality; and nothing else. Made of the best barley that grows. Sound, honest stock throughout; and the choicest of fresh hops. Puritan Malt Extract and Puritan Brand fresh-pressed Hops are the best that honesty can produce.

Use Puritan Malt Extract for home-made Malted Milk; for your home baking also, and your lawful wholesome home-beverages—and you will have not only quality and excellence but uniformity.

Another thing: The directions that come with Puritan Malt Extract and Hops are explained so any one can understand them. They tell you just what to do first, and how. And then, what to do next and how. Each step is carefully explained in plain, simple language. All you need is your good

old kettle and the old familiar crock. Puritan Malt Extract and Hops, a fire in the kitchen stove—and you're all set.

For home-made Malted Milk, rich and creamy, follow the directions and you can't go wrong. And for beverages—likewise. For baking, you will have rich, brown, crisp bread and delicious cakes by following our baking recipes. The foremost beverage experts, chemists and baking experts of the cities are outspoken favoring Puritan Malt Extract and Hops.

Note: Always insist on the little flat-pressed green and white package of Puritan Brand Hops—the best hops put up in the United States and always guaranteed absolutely fresh and clean. You cannot expect beverage-results by using old dark-colored hops and molasses malt made of "you-don't-know-what."

Our famous "Little Book" (free with every Puritan package) tells you lots of things you want to know nowadays. It is very interesting.

Puritan Malt Extract, large full-size can \$1.25. Puritan Brand fresh-pressed Hops, in special full-size package, 25 cents. Total \$1.50. If you can't get to a dealer named below add 15 cents and we'll mail to you direct at once prepaid.
